Thirteen TCUs indicated increases in enrollment. The average increase was 28%. The greatest increases were experienced by TOCC (96%), LBHC (81%), and SGU (74%). Reasons cited include:

- | | |
|---|--|
| Free tuition | Hotspot provision |
| Partial tuition waivers | Debt forgiveness |
| Laptop provision | Hybrid classes |
| Increased dual credit high school enrollments | Online classes allowing working students to attend |
| Aggressive Recruitment | High unemployment |
| Financial assistance with Internet | Meal gift cards |
| Working with Tribal directors to offer professional development courses | Reduced mobility and students attending closer to home |
| Online classes allow working students to attend | Offering HyFlex learning |

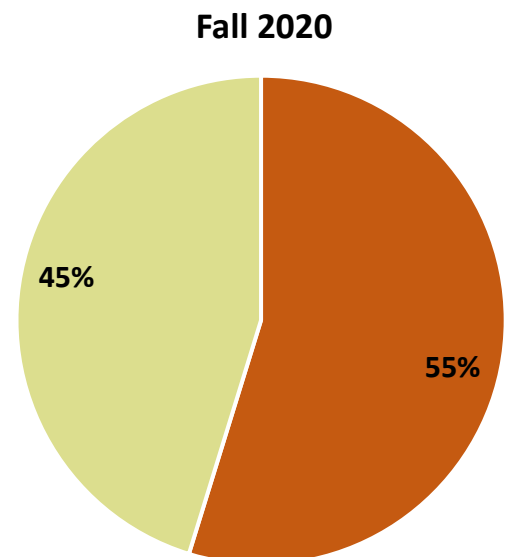

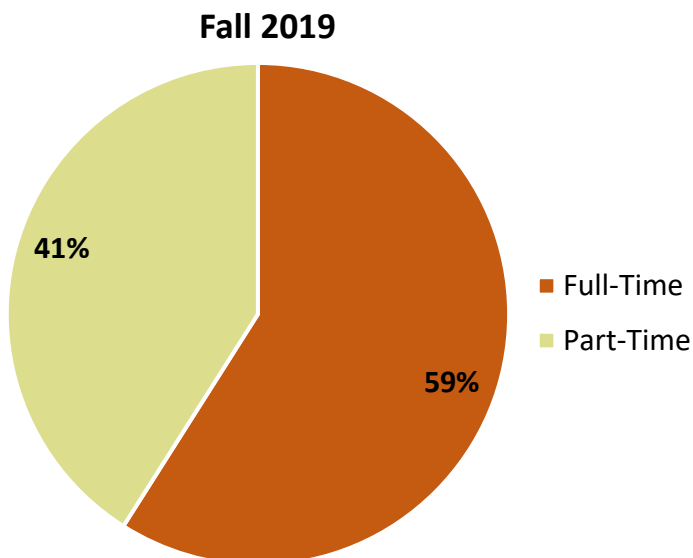

Twenty-one TCUs reported decreases in enrollment. The average decrease was 19%. The greatest decreases were experienced by CDKC (100%), RLNC (34%), CMN (27%) and NTU (27%). Reasons cited TCU-wide include:

- | | |
|--|---|
| Cancellation of classes | Employment uncertainty |
| Students struggling to respond to the pandemic | Switch to online classes |
| Lack of resources at home | Homeschooling children |
| Fear of leaving home | Having at-risk family members |
| Lack of daycare | Uncertainty with childcare and schooling for children |
