Indian Education Professional Development	\$13,634,235 (approx) of \$67,993,000	Unknown of \$67,993,000	\$20,000,000 of \$78,000,000
<p>TCU HEA-Title III: TCUs provide high quality, culturally appropriate higher education opportunities to some of the most rural, isolated, impoverished, and historically underserved areas of the country. The TCU Strengthening Institutions program (HEA Title III) provides essential formula-based aid to TCUs. The funding allows TCUs to help tribes and rural communities build a skilled Native workforce in key fields, provide comprehensive student support services, develop new programs, modernize fiscal management systems, and build safer 21st century campuses.</p> <p>Tribally Controlled Career and Technical Institutions: Carl D. Perkins Career and Technical Education Act provides specific program support for tribally chartered and controlled career and technical institutions, which provide vitally needed workforce development, job creation education, and training programs to AI/ANs from tribes and communities with some of the highest unemployment rates in the nation.</p> <p>Indian Education Professional Development Program (Report Language Request): To accompany the FY 2022 LHHSE appropriations bill, report language is needed designating \$20 million of the funds appropriated for the Special Programs for Indian Children, specifically for the Indian Education Professional Development Program to help TCUs and other institutions more systemically address the growing need for AI/AN teachers and administrators.</p>

AUTHORIZATION/TCU PROGRAM	FY 2020 ENACTED	FY 2021 ENACTED	FY 2022 AIHEC REQUEST
Head Start Act: Technical Assistance and Training [20 USC 9843]			
TCU-Head Start Partnership Program	\$4,000,000	\$4,000,000	\$8,000,000
<p>TCU-Head Start Partnership Program: Head Start programs operated by AI/AN tribes (Region XI) face challenges in hiring credentialed teachers. While 72.47 percent of teachers in non-AI/AN Head Start programs are properly credentialed, only 42.1 percent of all teachers in AI/AN programs are credentialed (National Native American Indian and Alaska Native Head Start Collaboration Office, 2017). TCUs are ideal catalysts for filling this gap, as demonstrated by the TCU-Head Start Program from 2000–2007, which provided scholarships and stipends for AI/AN Head Start teachers and teacher’s aides to enroll in TCU early childhood education programs. Before the program ended in 2007, TCUs had trained more than 400 Head Start workers and teachers, many of whom have since left for higher paying jobs in elementary schools. In FY 2020, this program was reestablished at \$4 million, which funded six TCU programs. We urge Congress to continue building this vital initiative -- the youngest AI/AN students deserve qualified teachers.</p>
